

Medical Marijuana Update – Phase 2 Provisioning Center Applicants

A GIS Map of the 20 Provisioning Center locations conditionally approved in Phase 1 is now available on our application information page.

<https://www.lansingmi.gov/1674/Medical-Marijuana-Application-Information>

Potential applicants may enter their proposed location in the search box at the upper left of the screen and use the ruler tool to determine how close they are to the 20 Phase 1 Provisioning Centers. Please be aware that this map does not show parcel zoning. To determine zoning of your parcel please use the zoning map available on the same page.

A Final Point of Clarification on the Scoring Criteria

Please note for Tangible Capital Investment (TCI) – Dollar Amount: After reviewing the total TCI from the Top 20 Provisioning Centers in Phase 1, we determined the average TCI was over \$4 million. Scoring in this category will be distributed accordingly, starting at ½ million of tangible capital investment.
