The Lansing City Clerk's Office accepted 75 applications during the second 30-day enrollment period. See chart below on the number of applications for each license type received in the last enrollment period.

The City of Lansing has yet to reach the limit set by the Ordinance for the number of grow locations city-wide. The City Clerk can license up to 10 more grow locations for either adult use, medical, or both. Therefore, applications for **growers will be accepted starting on March 17** per the schedule below.

Starting January 28, the City Clerk will resume acceptance of non-capped application types, and because there were no applications submitted for microbusinesses in the Second or Fourth Wards, the clerk will also accept these applications during this window.

These 30-day periods are subject to change, but the Clerk's Office will provide as much notice as possible if any adjustments are made. Additional 30-day windows are planned after May 2020, but will be announced at a later date.

Revisions made in the enrollment period compared to past updates schedule are in **red**.

Online submission is required for all types of Marijuana Operation applications. Paper applications will not be accepted.

Application review will not begin until non-refundable payment is received.

The Lansing City Clerk's Office has provided the following links on the web page <https://www.lansingmi.gov/1674/Marijuana-Operations-Applicant-Information> to assist with submission.

As you review the General Instructions, please note the importance of reviewing the submission confirmation email, and that elements of the business plan need the documents to be split into specific sections to expedite the review process. You may need to upload the same attachment to multiple sections of the application as the City Clerk will only review the documents submitted for each category.

Additional documents cannot be submitted once an application is denied.
