Online submission is required for all types of Marijuana Operation applications. Paper applications will not be accepted.

Application review will not begin until non-refundable payment is received.

The Lansing City Clerk’s Office has provided several resources and links on the web page <https://www.lansingmi.gov/1637/Marijuana-Operations> to assist with submission.

As you review the General Instructions for the operation type of interest to you, please note the importance of reviewing the submission confirmation email, and that elements of the business plan need the documents to be split into specific sections to expedite the review process.

You may need to upload the same attachment to multiple sections of the application as the City Clerk will only review the documents submitted for each category.

Additional documents cannot be submitted once an application is denied.
